Household

Age/Preg 

Enter the name of each household member 

 Insert Name Here 

 **Add Household Member**

When the user selects “Add Household Member,” a new field is added to the form and the user is prompted to enter the patient’s name. A unique identifier or zip code or initials can be entered if the name of the patient is not to be used.

Continue adding members until the entire household is in this list.

Household

Age/Preg 

Enter the name of each household member 

John Smith 

Add Household Member

This is what a completed Household screen may look like. Pressing the “Age/Preg” navigation button in the top right will allow the user to enter more information about each person.

Pressing the red minus sign next to a person’s name allows the user to remove that person from the list.

Select "Y" if the household member is pregnant, breast feeding, or under 8 years of age, "N" if they are none of the above, or "DK" If unknown. 

John Smith	Yes	No	DK
-------------------	------------	-----------	-----------

The Age/Pregnancy screen allows the user to note, for each person in the household, whether the person is under 8 years of age, pregnant, or breast feeding.

If additional details are required, the user can press the grey information button to the right of the instructions.

After selecting an answer for each person, the user can press the Doxy navigation button to enter more information.

The user can press the Household navigation button to go back to the Household screen.

Select "Y" if the household member is allergic to Doxycycline, "N" if they are not, or "DK" If unknown. 

John Smith	Yes	No	DK
-------------------	------------	-----------	-----------

The Doxy screen allows the user to note, for each person in the household, if the person is allergic to Doxycycline or any related drugs. Related drugs are listed in the information tab.

If additional details are required, the user can press the grey information button to the right of the instructions.

After selecting an answer for each person, the user can press the Cipro navigation button to enter more information.

The user can press the Age/Pregnancy navigation button to go back to the Age/Pregnancy screen.

Select "Y" if the family member is allergic to Ciprofloxacin, "N" if they are not, or "DK" If unknown.

John Smith

Yes

No

DK

The Cipro screen allows the user to note, for each person in the household, if the person is allergic to Ciprofloxacin or related drugs. Related drugs are listed in the information tab.

If additional details are required, the user can press the grey information button to the right of the instructions.

After selecting an answer for each person, the user can press the Review navigation button to go to the Review Answers screen.

The user can press the Doxy navigation button to go back to the Doxy screen.

Patient Name Preg Doxy Cipro

John Smith	N	Y	DK

The Review Answers screen allows the user to confirm that each person's details have been entered correctly. N stands for No, Y stands for Yes, and DK stands for Don't Know.

The user can press the Cipro navigation button to go back to the Cipro screen.

The user can press the Results navigation button to go to the Results screen.
